Alberta Health Care#___________________________ Has your child ever received chiropractic care? No ☐ Yes ☐

If yes: Dr. ____ Approx. Date of Last Visit: _______________

EVENTS

There are many events that occur throughout childhood- starting with childbirth, then learning how to walk, and playing childhood sports. These events can cause accumulated stress and result in loss of health potential. A child's spine is like a growing tree- "*As the twig is bent, so grows the tree*." Most times the effects are gradual, not even felt until we become adults. Answering the following questions will give us an understanding of your child's overall health and allow us to better assess their body's innate ability to be healthy. Please check ✓ the following.

Tell us about your pregnancy:

Did you carry to full term (40 weeks)? _____ If not, how many weeks gestation? _____
Did you consume alcohol during your pregnancy? ____ Did you smoke? ____
Did you take any medication during your pregnancy? Details: ____
